Experience

Web Development Intern

Cognifyz Technologies.

July 2024 – August 2024

Remote

- Built responsive frontend components using HTML5, CSS3, and JavaScript, improving UI consistency by 25%.
- Collaborated in Agile sprints, using GitHub for version control and pull requests.
- Participated in daily stand-ups and sprint retrospectives, ensuring on-time task delivery.
- Applied frontend optimization techniques, reducing initial load time by 20%.

Frontend Developer Intern

CollegeTips.in

May 2025 – June 2025

Remote

- Built a responsive photo gallery with 4+ filterable categories using HTML5, CSS3, JavaScript, and Tailwind CSS, boosting content visibility by 60%.
- Developed a chatbot for digital literacy (WhatsApp, Paytm), increasing user engagement by 40%.
- Ensured 100% mobile responsiveness and cross-browser compatibility.
- Contributed 25+ commits on GitHub and submitted 2+ demo videos.

Projects

Real-Estate Platform — MongoDB, Express.js, React.js, Node.js, Vite

[Link](#)

- Built a full-stack real-estate web app with user authentication, advanced filters, and personalized property listings.
- Achieved 40% faster load times using Vite and frontend code splitting.
- Integrated MongoDB queries for optimized property search, improving response time by 40%.
- Implemented backend APIs with Node.js and Express.js, improving request efficiency by 30%.

Mediqo – Doctor Appointment Booking Platform — (MERN Stack)

[Link](#)

- Developed a full-stack web application enabling patients to search doctors by specialty, book appointments, and manage schedules.
- Built secure authentication and authorization using JWT and bcrypt.js.
- Designed a responsive UI with React.js and Tailwind CSS, integrated with a Node.js/Express backend and MongoDB database.
- Implemented doctor dashboards, appointment management, and cloud-based image storage via Cloudinary.

Certifications

- **HTML, CSS, and Javascript for Web Developers** Johns Hopkins University (via Coursera) - December, 2023
- **AWS Certified Cloud Practitioner:** AWS - February, 2024
- **The Bits and Bytes of Computer Networking:** Google (via Coursera) - December, 2024

Core Competencies

- **Soft Skills:** Versatility, Agile and Scrum Team Participation, Technical Documentation Writing, Reliability, Time Estimation and Sprint Planning
- **Hobbies and Interests:** Chess, Trading (stocks and crypto) and tech innovation
